Logan Willaumez

Fullstack Developer

Profile

After having traveled the world of 3D creation, my journey led me to meet the world of web development. Concerned about details and rigour, my past job help me to be able to apprehend a project and its difficulties creatively.

Experience

May 2022 — **Web Developer - O'clock**
Graduation Project

- Front-end developer React
- Team of 5 developers
- 4 weeks of work
- Social network website
- Technologies used : React,NodeJS,Redux toolkit(RTK), Express,JWT,TailwindCSS,Socket.io,...

2019-2021 — **Transurb - 3D Graphic designer**
Job

- Model and texture buildings and objects related to international projects.
- Integrate and homogenizes the assets together to best meet the expectations of customers
